How to Schedule Your Trip

We are unable to schedule any 'same-day' ride requests.

- BTS contracts with Rock County Specialized Transit (RCST) to provide its paratransit service. All rides are scheduled with RCST 608-757-5054. Schedule your ride by no later than 4:30 pm for next day service. For your convenience, rides can be scheduled up to 7 days in advance. It is best not to wait until the last minute to call as the phone lines get very busy.
 - Tell us the time you need to be at your destination and when you will be done. Allow plenty of time for appointments, especially medical.
 - Provide the business name, address and phone number of your destination.
 - Rides are 'curb-to-curb' unless 'door-to-door' (or origin to destination) service is requested when the ride is scheduled.
 - 'Curb-to-Curb' service is when the driver picks up the passenger at the curb of the origin and then drops off the passenger at the curb of the destination.
 - 'Door-to-Door' service is when the driver assists the passenger from the first door encountered at the building to the vehicle. The driver may open the first door of the building.
 - Drivers do not go into buildings.
 - Be at the main door of the building **READY to go**.
 - When a bus is dispatched to destinations that are not accessible to buses, the driver will drop the passenger off at the closest location for disembarking the bus.
-

When Your Ride Arrives

- Be ready at least 5 minutes before your scheduled pick-up time.
- Have your cash ready. Drivers do not make change.
- If you miss your ride from your point of origin, we will not send another ride. If you miss a return ride, another ride will be sent as soon as possible. We cannot guarantee when that ride will arrive.
- You will receive a "no-show" notice if you are not ready to go within 5 minutes. You will also miss your ride. Suspension of service can result.
- There is a 20 minute window before a ride is considered late.

Wait 20 minutes after the requested pick-up time before calling in to report a late ride.

Useful Info

- Drivers may not assist passengers up steps.
- Drivers may carry only one small package with 'door-to-door' service.
- Drivers may refuse to assist or transport a passenger if they determine the situation jeopardizes the driver's or passenger's safety.

 - 30" in width – 48" in length

Category 2 Passengers

All category 2 passengers must use the accessible fixed-route whenever it is available (even if this means you have to transfer). All regular BTS fixed-routes are accessible. Check your Rider's Guide for details.
