

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The mission of the City of Beloit's CDBG Program is to assist those at risk of becoming homeless, create new jobs, retain existing jobs, assist low to moderate income people, assist special needs populations (such as public housing residents, elderly, homeless, and victims of domestic violence), increase property values, and improve the quality of the housing stock. Activities and programs will also serve to decrease the proportion of rental units, the unemployment rate, and help stabilize neighborhoods by keeping people in their homes or helping people secure homes.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Housing Objectives:

Develop a variety of housing alternatives in order to satisfy a wider range of housing needs by using existing programs and resources to improve Beloit's older housing stock, support programs that enable homeowners to retain their homes, support the conversion of rental to owner-occupied housing in neighborhoods with unusually high percentages of rental properties, and promote homeownership.

Public Housing Strategies:

The Beloit Housing Authority (BHA) will work with NeighborWorks Blackhawk Region (NWBR) to provide homeownership opportunities for its residents.

The BHA will work with community partners to provide volunteer opportunities for BHA residents and applicants, which exposes the extremely low income, low income, and moderate income households to opportunities to increase their job training skills, people skills, and self-sufficiency.

The BHA will encourage extremely low-income, low income, and moderate-income families to utilize the least restrictive housing opportunities available to them. They have a choice of programs that include public housing, Section 8 rental assistance, Section 8 homeownership, and Family Self-Sufficiency.

Homeless Strategies

The City will continue to support and strengthen the limited resources of agencies that provide services and facilities for homeless persons in the City of Beloit.

The City will support a Resources Navigator through Community Action that will act as an access point for low-moderate income individuals, who will assist people with finding the resources that they need to be successful.

The City will support a Community Social Worker position (Systems Navigator) through Family Services that will assist individuals in connecting to professional health care, mental health care, and/or longer term supportive services in the community.

Objectives and Outcomes Continued

Community Objectives

- The City will continue its Housing Rehabilitation Loan Program to improve the City's low to moderate-income neighborhoods. New underwriting guidelines and additional forgivable loan products that have been created and will be utilized in the NRSA areas. The City will continue to acquire, rehabilitate, and sell foreclosed homes to low-moderate income families through its Neighborhood Stabilization Program (NSP). The City will support a Resources Navigator position through Community Action that will act as an access point for low-moderate income individuals, who will assist people with finding the resources they need to be successful. The City will support individuals in connecting to professional health care, mental health care or longer term supportive services in the community.

Anti-Poverty Strategy

- The City will support programs that provide assistance to persons to increase their job skills and marketability.
- The City will support non-profit organizations that provide assistance and advocacy for low to moderate-income residents by providing CDBG funds throughout the planning period. The City will support a Resources Navigator position through Community Action that will act as an access point for residents in the NRSA neighborhoods, who will assist people with finding the resources they need to be financially successful.

Non-Homeless Special Needs Strategies and Objectives

- The City will support programs such as Beloit Meals on Wheels and Retired Senior Volunteer Program to enable elderly and disabled residents to remain healthy and in their homes.

- The City will support public service programs that provide case management, client advocacy, and flexibility in order to tailor assistance to unique needs. The City will support a Community Social Worker position to connect residents in the NRSA neighborhoods with special needs to longer term health services and/or mental health services.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City has successfully funded and partnered with local non-profit organizations to address the most pressing needs in neighborhoods, housing assistance programs, property acquisition programs, code enforcement, and public infrastructure improvements.

The City of Beloit provided CDBG funding to homeless programs and services that meet critical needs and has a staff member attend the monthly Homeless Intervention Task Force (HITF) meetings.

The City of Beloit provided housing rehabilitation loans to low to moderate income homeowners and landlords renting to low- moderate income tenants and supported NeighborWorks Blackhawk Region's first mortgage loan program, down payment assistance program, and homebuyer education program. The City of Beloit also supported the Retired Senior Volunteers Program and Meals on Wheels programs which help the elderly and disabled residents live independently and remain in their homes.

The City finalized the Economic Development Revolving Loan Fund, which provided loans to a for-profit business. In late 2019, the City of Beloit began discussion with WWBIC (Wisconsin Women's Business Initiative Corporation), a non-profit focused on supporting businesses through-out Wisconsin. The Beloit Housing Authority has partnered with NeighborWorks Blackhawk Region over the past several years to provide training and education opportunities for its Family Self-Sufficiency and Homeownership Voucher program participants.

The City continued its City-wide systematic code enforcement program wherein inspectors perform exterior inspections City-wide. The deteriorated and deteriorating areas were the low- and moderate-income areas as defined by HUD. Those areas had the highest proportion of code violations, the greatest number of investor-owned properties, the greatest percentage of houses older than 50 years old, the lowest property values, and the oldest infrastructure.

The City has funded Family Promise and the Domestic Violence Survivor Center which provides shelter to families experiencing homelessness. The City also funded ECHO, which provides emergency rental assistance to households to prevent homelessness. In addition, the City provided funding to Community Action and Family Services for their Resources and Systems Navigator programs which provides direct assistance to families in need including security deposit, first month's rent, utility assistance, or limited motel vouchers for those experiencing homelessness.

The City continued to purchase tax foreclosure properties from Rock County. Blighted properties are demolished and houses in better condition are rehabbed and sold to owner-occupants. This program is primarily paid for with HOME, NSP and City CIP dollars.

The City has a program of evaluating streets to determine which streets should be reconstructed or resurfaced each year. Other public improvements are made annually to upgrade the water system, parks, and other public facilities. The City invests approximately \$1.0 million in public improvements in our low-income areas each year. This investment is made out of the City's CIP budget.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The City of Beloit's consultation was done during the Consolidated Planning process and was achieved through a variety of methods. These included three public steering committee meetings with attendees from various local service agencies, several public hearings, and comments from stakeholders and citizens alike. The City did not individually consult agencies during the Annual Plan planning process. However, the City of Beloit provides public noticing and holds a public hearing on the Annual Plan and Budget. The Annual Plan and Budget are discussed and approved at the public Community Development Authority (CDA) meeting, there is then a 30-day public comment period, a public hearing is held at City Council during the comment period, and then the City Council publicly discusses and votes on the budget and Annual Plan. There is a public participation item on the agendas for both the CDA and Council in which any person or agency representative can speak. The City has a listing of "CDBG Interests Parties" who receive mailed and/or emailed notices of all public meetings, and comment periods. The listing is of all local community organizations and any other organization or individual who has expressed interest in being on the list.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City of Beloit's Housing Authority and Division of Community and Housing Services work closely with local non-profit organizations and County agencies to coordinate assistance in housing, mental health, and other service agencies. For example, the Housing Authority coordinates with Neighborworks to assist public housing and Section 8 residents with budgeting and homeownership education. They also provide referrals to various agencies that provide assistance with security deposits, landlord/tenant issues, home health care, and energy assistance. The Community and Housing Services Division provides referrals from the Housing Rehab Loan Program to local non-profits regarding minor home repair and credit education. In addition, the City is part of the Rock County Consortium which partners with the County Health Department on Lead Hazard Control and Health Homes. The Code Enforcement program provides referrals to the City's Housing Rehab Loan Program for repairs as well as to homeless shelters and agencies that provide motel vouchers when units are posted unfit for human habitation. Code Enforcement also works closely with the Fire Department, non-profits, and County mental health providers such as Family Services, the County's Aging and Disabilities Resources Center, and Rock County Long Term Support regarding cases of hoarding.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Beloit works together with the Homeless Intervention Task Force (HITF) of Rock and Walworth County. The HITF evolved from several city and county groups that had been meeting on the issue of homelessness in the area. Members include representatives from public, non-profit, and for-profit agencies. Agencies that participate in HITF include:

Community Agencies

The HITF originally met to discuss the implications of the North Rock County Homelessness Survey that was completed in 1993. It was responsible for the subsequent Homelessness surveys completed in 1996 and 1999. It serves as the Continuum of Care for addressing homelessness and works to meet and identify needs.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Beloit does not receive ESG funds. However, there are agencies in the City of Beloit that do receive these funds and are part of the Continuum of Care. Community Action and Family Services also receive ESG funds to assist in supportive services and emergency needs of participants. Family Promise of Greater Beloit also receives ESG funds to assist with emergency housing for homeless individuals and families.

Narrative

The City of Beloit has a good working relationship with all local agencies and governmental units. Community development personnel regularly attend local and state meetings held by various agencies to keep lines of communication open. Various agencies are contracted to provide CDBG funded public services. The Community Development Department works with these organizations to ensure priorities are recommended based on actual needs.

In addition to the community consultations listed above, the City of Beloit engaged in extensive community consultation during preparation of the NRSA Plan. The details of the consultations are outlined in the Plan.

All meetings, application announcements, public comment periods, and public hearings regarding the Annual Action Plan are publicly noticed in the local newspapers, on the City's website, and the Plan and public notice are also sent to the Beloit Public Library. In addition, emailed notices are sent to an active CDBG mailing list the City maintains of CDBG interested parties, which is a listing of community organizations and any other organization or individual that may benefit from receiving CDBG funding or has expressed interest in being on the list.

Each year, the Annual Plan Process starts with setting local priorities at the June Community Development Authority (CDA) meeting. The CDBG Subrecipient Application is prepared to reflect those goals and is available to the public in mid-July. Applications are due in mid-August. Each Subrecipient Applicant is required to present their application and program proposals before the CDA during the August CDA meeting. Staff prepares a proposed CDBG Budget and Annual Action Plan which are presented at the September CDA Meeting, in which the CDA members discuss, sometimes make changes, and approve a recommendation for the City Council to consider. A 30-day public comment period typically runs from October 1 - 30. During the public comment period, a public hearing is held at the second Council meeting in October. City Council reviews the CDBG Budget and Annual Action Plan at its first meeting in November and approves the final subrecipient allocations.

One of the barriers to permanent housing and employment is affordable childcare. Wisconsin has been in a childcare crisis for a long time and particularly in the time of Covid, safe and affordable childcare is critical for health and employment. Beloit would be in better shape if we had more people owning homes than renting. People can't often afford to buy homes without steady employment and childcare costs can be huge. I would love to see the city call upon local employers to offer on site childcare or provide childcare credits to use in the community. I think we need to look at the barriers to home ownership and utilize private public partnerships to make a concerted effort to make home ownership in Beloit a possibility for all people. There's more to helping people out of homelessness. We need to look at removing barriers to jobs like a ban the box initiative, providing affordable quality childcare, and provide better second and third shift transportation as well as possibly more public WiFi so we can level the playing field.</p>	Comment was accepted.

Introduction

Each year funding is allocated to existing and new activities that meet the greatest needs, or can assist the most number of eligible individuals and/or households. The City's balance of Revolving Loan Funds is placed in the CDBG Budget each year as Program Income and is allocated to various projects within the budget.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

- NeighborWorks Blackhawk Region uses HOME, NSP, Federal Home Loan Bank, and NeighborWorks funding to provide down payment

assistance to households in the City's targeted neighborhoods.

- Community Action receives funding from a variety of state and federal sources for its Fresh Start program, including US Department of Labor YouthBuild; WI National & Community Service Board; The State of Wisconsin, Department of Commerce, Division of Community Development; American Recovery & Reinvestment Act; Community Service Block Grant; and the Wisconsin Employment & Training Assistance Program.
- Community Action of Rock and Walworth County also received CSBG, SHP, ESG, and private donations to help support their Fresh Start, Fatherhood Initiative, HUB Teen Connection, HUB Transitional Living, and Skills Enhancement programs.
- Community Action of Rock and Walworth Counties receives funding from United Way and the Job Center to continue the Fatherhood Initiative. This is a program which helps participants develop job skills to become gainfully employed while enhancing their parenting skills.
- The Merrill Housing Initiative has received HOME funds from the Rock county HOME Consortium. This program also receives funds through YouthBuild and other private and government sources.
- The business community helps raise money for organizations such as Community Action, Project 16:49, and Stateline Literacy Council.
- The Stateline United Way funds many of the social service agencies that are served by the City's CDBG funds to meet critical needs.
- Local churches provide funding to some organizations which assist homeless individuals such as Family Promise of Greater Beloit and Caritas.
- Community Action and ECHO both receive ETH funding which assists in supportive services and emergency needs of participants.
- The City of Beloit utilizes HOME, WRRP, and local CIP funding in conjunction with CDBG for its City Housing Rehabilitation Loans and demolition. This keeps rehabilitation expenses at an affordable level for our LMI households and LMI housing providers.
- The City of Beloit continues to use NSP grant and program income funding and local CIP funds to purchase and rehabilitate foreclosed properties in LMI Census Tracts. Completed homes are then sold to LMI households.
- Meals on Wheels receives funding from the Older Americans Act.

AP-35 Projects - 91.420, 91.220(d)

Introduction

The City of Beloit's projects are grouped under five projects: Code Enforcement, Economic Development, Housing Rehabilitation, Planning-Program Administration, and Public Services. The Code Enforcement project includes both the City's citywide exterior inspection program and the interior systematic rental inspection program in our deteriorated neighborhoods. The Housing Rehabilitation project includes the City's Housing Rehabilitation Revolving Loan Fund. The Planning-Program Administration project includes program administration as well as Fair Housing activities. The Public Services project includes activities that will be carried out by subrecipients which are individually listed in the table below.

#	Project Name

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

On June 24, 2020, the Community Development Authority approved the following local funding priorities in response to community input during the 2020-2024 Consolidated Planning process:

1. Public Service Programs which focus on comprehensive case management strategies, with priority given to neighborhood stabilization activities, education in budgeting and life skills, stable housing, and employment training that corresponds with local employment opportunities.
2. Code Enforcement
3. Housing Rehabilitation
4. Economic Development Activities, with priority given to Technical Job Training
5. Program Administration
6. Fair Housing

One of the obstacles to meeting the underserved needs in Beloit is lack of adequate funding or other non-financial resources to adequately address a particular problem. Insufficient funding precludes the City from appropriately addressing every worthy project and often includes allocating funding at less than optimal levels. The City does not fund programs which duplicate the work of other programs. Non-financial resource limitations include insufficient numbers of trained volunteers or staff to provide services.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

CDBG funding will be provided to activities that serve low-moderate income persons city-wide. In 2017, two Neighborhood Revitalization Strategy Areas were designated to focus on the two largest areas of both minority concentration and low-moderate income within city limits. The City will continue with these two NRSA plans through the 2020-2024 Consolidated Plan.

Geographic Distribution

Target Area	Percentage of Funds
Census Tract 16 - Hackett	8
Census Tract 18 - Merrill	8

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City designated Census Tracts 16 and 18 for increased efforts for a variety of reasons. After a spike in deadly crime in 2014, city officials began to examine trends and patterns in crime and property deterioration to determine how to best address these growing issues. Although many of the incidents were city-wide, there was some obvious clustering of activities in Census Tracts 16 (Merrill) and 18 (Hackett). Additionally, these two neighborhoods have a greater proportion of investor-owned properties, substandard lots, and code violations than the City as a whole. The Hackett and Merrill neighborhoods also have the greatest number of older housing stock, lowest property values, and the greatest residential density. In order to actively combat these issues, that not only perpetuate other social and economic problems for residents but also drive away investors, the City is going to continue with the two designated NRSA plans through at least to the end of 2024. Although only two years have passed since the initial implementation, city officials, community leaders, and neighborhood stakeholders have already seen an improvement in the Hackett and Merrill neighborhoods.

Discussion

The City has developed various strategies to improve these neighborhoods, including partnering with non-profit organizations to provide public services, utilizing CDBG to address the housing stock problems, and coordinate with private organizations, groups, other city departments, financial institutions, and other community leaders to address issues the City may not be able to tackle with CDBG funding.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City updated its Analysis of Impediments to Fair Housing in 2019, valid from 2020-2024. The report concluded that the City has historically, and continues to meet the goals of affordable and fair housing. City staff will continue enforcement activity in 2021 although 2020 presidential leadership has determined that Analyses' of Impediments are no longer required. The City's zoning and development regulations are comprehensive, progressive, and pose no barrier to affordable and fair housing goals for the City.

The City coordinated with the City of Janesville and Rock County to contract with the Milwaukee Metropolitan Fair Housing Council (MMFHC) to conduct a regional Analysis of Impediments to Fair Housing which was due in 2019. This AI was submitted with Beloit's 2020-2024 Consolidated Plan.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City plans has no such plans in 2021, as there are no policies in the City of Beloit that serve as barriers to affordable housing. However, the City has a NRSA for two neighborhoods in the City, which contains strategies for reducing high concentrations of rental units in both neighborhoods. These high concentrations contribute to deteriorating, crime, and instability which affect the return on residential investment.

Discussion

The City of Beloit will ensure that the affordable rental units are decent, safe and sanitary and meet local codes through its systematic rental inspection program.

The City of Beloit will provide financial resources for owner-occupants to maintain their homes, through the Housing Rehab Loan Program and NHS's Homeownership Program.

The City of Beloit will provide financial resources for landlords to upgrade their rental units through the Housing Rehab Loan Program, and Lead

Hazard Control Grant Program.

The City of Beloit will also support efforts by others to rehabilitate current tax credit projects or develop new tax credit projects.

The City will support services for legal advocacy with regard to housing issues.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City submitted NRSAs for two low-moderate income neighborhoods in the City which was approved on 9-21-2018. The NRSA has strategies that will work towards three main goals: Resident empowerment, neighborhood stabilization and revitalization, and public safety. Resident empowerment strategies will focus on employment and life skills training, increasing educational attainment, youth programming to reduce gang and criminal activity. The neighborhood stabilization strategy will focus on reducing the number of deteriorated and vacant/abandoned properties, encouraging resident involvement in neighborhoods, increasing owner-occupied units, and decreasing highly concentrated areas of rentals. The public safety strategies will include community policing, improving crime analysis, and increasing resident engagement.

Actions planned to address obstacles to meeting underserved needs

One of the key obstacles to meeting the underserved needs in Beloit is lack of adequate funding or other non-financial resources to adequately address a particular problem. Insufficient funding precludes the City from appropriately addressing every worthy project and often includes allocating funding at a less than optimal amount. The City does not fund programs which duplicate the work of other programs unless the activity is able to meet a high priority need.

Non-financial resource limitations include insufficient numbers of trained volunteers or staff to provide expertise and support for programs and language barriers. The City will partner with the non-profits and others to consolidate resources. The City is part of the Rock County Homeless Intervention Task Force, which works to consolidate resources, financial and non-financial, to meet the needs of all of Rock County.

Actions planned to foster and maintain affordable housing

- The City of Beloit will ensure that the affordable rental units are decent, safe and sanitary and meet local codes through its systematic rental inspection program.
- The City of Beloit will support efforts by others to rehabilitate current tax credit projects.
- The City of Beloit will provide financial resources for owner-occupants to maintain their homes.
- The City of Beloit will provide financial resources for landlords to upgrade their rental units.
- The City of Beloit will provide funding to NeighborWorks Blackhawk Region to assist with Direct Homeownership assistance and Low First Mortgage Program. In Beloit, oftentimes renting is more expensive than a mortgage payment.

Actions planned to reduce lead-based paint hazards

In 2020, the City will expand the \$5,000 matching forgivable loan program to remove lead hazards. The program was originally created and offered only in the NRSA areas, but in 2021 will be expanded by offering the \$5,000 program to property owners citywide, and increasing from \$5,000 to \$10,000 in the NRSA areas. This program can be used in conjunction with a Housing Rehabilitation Loan, which allows the owner to use the loan funds as match.

The City of Beloit will explore opportunities to apply for Lead Hazard Control/Reduction Grant funds. Historically, the City has used these funds in conjunction with its housing rehabilitation funds. The lead funds are used for the lead elements to make the house lead safe, and then the housing rehabilitation funds are used for other rehabilitation work needed to bring the home up to minimum property maintenance standards.

The City of Beloit Community and Housing Services Division requires all contractors hired through the Housing Rehabilitation Loan program to be certified lead safe, ensuring all work completed in project homes is performed in a lead safe manner and with lead-free replacement products.

The City will continue to operate the Systematic Rental Inspection program. Every rental unit in the City will be inspected at least once every five years by inspection officials who are trained to look for lead risk in all units, such as peeling and chipping paint. If violations are found, orders are written to correct the lead hazard, information is sent to the property owner explaining how to fix the problem, Housing Rehab Loan information is also provided. If the property owner does not repair the hazard a citation may be issued.

The City is currently developing a lead pipe replacement program in coordination with our Water Resources Division. This program uses local tax levy dollars for 50% repayable loans to assist homeowners with replacing the private portion of the water lateral to their homes. This program is regulated by the State and requires a minimum of 50% repayment of the loan. The Housing Rehab Loan Program staff will administer the program and offer additional loans or forgivable loans to residents through the existing CDBG Housing Rehab Loan Program for LMI residents who need more assistance.

Actions planned to reduce the number of poverty-level families

Through local partnerships, the City is increasing employment while educating citizens and providing life improvement skills.

- The City will support programs that provide assistance to persons to increase their job skills and marketability.
- The Beloit Housing Authority will continue its Family Self-Sufficiency Program.
- The Beloit Housing Authority will continue to provide homeownership opportunities to Section 8 participants in cooperation NeighborWorks Blackhawk Region (NWBR).

- The City will support non-profit organizations that provide assistance, job training, and advocacy to low- and moderate-income residents.
- The Housing Authority requires all public housing residents to perform 8 hours of community service per month when the participating adult is unemployed. By doing this, adults are learning new skills, acquiring self-confidence and opening doors for new opportunities. The Housing Authority offers case management to families which include budgeting classes, mentors, educational opportunities, and preferences with local employers.
- Through local partnerships, the City is increasing employment while educating citizens and providing life improvement skills.

Actions planned to develop institutional structure

The City of Beloit will work with non-profits, public institutions and the private sector to implement the Consolidated Plan and Annual Plan. The City will continue to utilize the Community Development Authority (CDA) for review of the Consolidated Plan, annual action plans, proposed CDBG funding and any CDBG budget amendments.

Actions planned to enhance coordination between public and private housing and social service agencies

The City is an active participant in the Homeless Intervention Task Force. In addition to HITF, the City has also become a participant in the B-FOCUS group. This group is composed of agencies focused in or on Beloit residents that delve deeper in homelessness and poverty issues than HITF has been able to in the past.

The City also has a good relationship with Rock County’s Community Development and Health departments, and the City Manager meets with Rock County officials on a regular basis.

In 2020, the City partnered with a non-profit agency, ACTS Housing to match qualified homebuyers to vacant or foreclosed homes.

Discussion

During 2019, the Analysis of Impediments to Fair Housing was completed by a contracted agency. The Request for Proposal was published on 7/9/2018 with a response date of 8/3/2018. The RFP was posted on the City's website, included in City press releases, and posted in NAHRO (online). Five agencies were also contacted directly. The Milwaukee Metropolitan Fair Housing Council was ultimately awarded the contract. Research was completed through-out 2019 and the draft was submitted to the City of Beloit by July 2019 for review. The Analysis will be valid from 2020-2024, at which time, a new analysis will be completed. The AI was finalized on October 07, 2019 after the following public processes:

8-23-2019 through 9-23-2019 - Public Review Period

8-28-2019 - Community Development Authority Review and Approval

10-07-2019 - City Council Public Hearing and Final Approval

A unique aspect for this analysis is that the contractors were able to separate the City of Beloit's data from the remainder of Rock County. They were also able to identify Beloit specific goals which are listed below:

1. Create and Preserve Affordable Housing (Rental and For Sale)
2. Create a Strong Fair Housing Enforcement and Outreach Program
3. Improve Tenant and Housing Provider Communications
4. Improve Transit
5. Develop an Eviction Reduction Strategy
6. Address Predatory Land Contracts
7. Increase Access to Consumer Education
8. Connect Black, Latino, and Other Underserved Populations with Life-improving Opportunities

City Staff will work with the Equal Opportunities Commission to address the goals and strategies listed in the Analysis.
